Kids Klub and Connections on Summer Vacation!

Kids Klub and Connections are on summer vacation. They will resume in September.

In May, there will be a Fiesta at Kids Klub. We will eat Mexican food and hopefully watch some festive dancing from Sue Poore and Nancy Robey. They surprised us in February with the Mexican Hat Dance. I think they will perform again for us! We will have a lesson and also have a fun craft to do. Come and join our fun on Tuesday May 6 from 4:30-7:00p.m. And Bring your homework!

Connections is an ice cream social and a surprise guest singers for May. Come and check out the fun! It will be Friday, May 16 at 6:00 p.m. I hope to see you there!

Sunday School

Sunday school has had a great year! We have been learning a lot with our lessons and it seems that the end of the year is coming close. We will perform on Sunday, June 8 at the 10:00 service.

We will also have a party to celebrate another great year of learning God's word. What a wonderful message he has.

I would like to thank the parents and grandparents for bringing their children to us so that we may teach them. I would also like to thank Nancy Moredock, Patrice Arjana, Trish Moredock, Norma Rygh, Willem Arjana, and Chase Bauman for all for their dedication to our children. They are the best to work with!

Summer Tips

- Check your local movie theaters for the FREE family movies offered every summer.
- Have a family night without TV. See what creative things you can come up with to entertain yourselves.
- Plan a few day trips for the kids during summer vacation.
- Remember those less fortunate, buy a couple of extra canned goods for LSSN.

Parents Corner –

How to Survive the summer!

We survived the mad dash of activities at the end of the school year and now it is summer. What will we do with our kids? Do we chill and have a few PJ days? How about catching up on those movies that we wanted to see but didn't have the time. For some , there is still school and little breaks now and then . This is done to keep our sanity by the way. How do we occupy our kids in a positive and rewarding way so that we can maintain our parenting control? What about getting our kids involved in volunteer work and assisting others. That would be a growth experience for your kids and allow them to experience life through a different perspective. How about having the older kids participate in an internship at a career that they are interested in? That is a great way to see where there interests lie.

Our kids today face choices, opportunities, and challenges that we never had to face or even think it would have been possible to experience. How about attending summer school so our kids may get ahead in school and take more challenging classes in the school year to come. For our teens , this is a good time to research colleges and see what requirements there are for entrances, playing an instrument, and if they accept Advanced Placement credits.

The summer can be a stressful time along with a very joyful time. On the one hand it is great to have your kids home and spending a lot of quality time with you . On the other hand it can be challenging having you children home all summer long! So , plan some fun, rewarding activities that are spiritual, educational, and most of all fun!
